What's new:

- Performance and Consistency in Strikeforce It was the first day back from a month-long hiatus at affiliate Tachi Palace Fights (TPF) 43, and the main event at the event was a WEC veteran, Evangelista “Cyborg” Santos, coming back to a big stage to fight Strikeforce veteran Josh Thomson in his long-awaited return to the cage. Thomson was a former WEC lightweight champion that brought his considerable skill and power to the better part of his Strikeforce record against Santos, a fighter many considered the face of the promotion before he was forced to withdraw due to injury. Thomson and Santos engaged in a lot of clinching and wrestling early on, but eventually Thomaston took the fight to Cyborg, throwing heavy punches to the head and body, including a thunderous right hand early on that knocked the Brazilian down. Two minutes in, Santos suffered a cut above his right eye and was bleeding. And maybe the worst part about it was, Cyborg finished this fight on his feet, with him being pounded by Thomson like never before. The striking from Cyborg, who at one point used his left hand to ring Thomson’s bell with a hard left hook, was a classic - he fought well on the feet but just didn’t land enough of them. Other than that, Santos somehow managed to win a decision win, though it wasn’t close. Despite the controversy of Thomson’s post-fight diagnosis with acute interstitial nephritis, Santos had the better performance to warrant the victory. Thomson wanted to be Cyborg? Here’s what he got. Thomson would return to Strikeforce with a win against Frankie Saenz but suffered a devastating fourth-round knockout at the hands of Che Mills at TPF 43. It was clear that going into this fight that Thomson was no longer the same fighter that we watched the previous year against Santos. His body was clearly slowing down as it visibly struggled to catch his breath in the second round after both of his hands somehow managed to land a few punches before he finally began to fall out of sync with the assault that a striking fighter like Santos could dish out. The six-fight win streak with Strikeforce where he had managed to win or go the distance in every single one ended in the biggest moment of his career thus far. While compiling a six-fight win streak, Thomson made some \$260,000 in his
